IT'S WHAT'S ON THE INSIDE THAT COUNTS.

When you're considering a senior living community, there are certain "must-haves." A choice of spacious apartments. A compassionate staff. Inviting meals you can look forward to. Outstanding care whenever care is needed.

At Fleming Farms, we agree that these are, indeed, "must-haves." But as a Bridge Senior Living community, being great at those things is just the starting point, not the finish line. Because a great life demands more – much more – than simply being "good enough."

A FEAST FOR THE BODY AND THE SOUL.

If food is the foundation of healthy living, mealtime may just be the foundation of a healthy community. After all, breaking bread with friends and family has been a principal way of building relationships, stirring the heart, and sharpening the mind since time immemorial.

At Fleming Farms, we take the joy of mealtime seriously. We offer both a white-linen fine dining experience as well as a bistro-like setting when you're in the mood for something more casual.

All menus are created by professional chefs, and every item – from a simple sandwich to a beef wellington – is made with the freshest ingredients and utmost skill. So come, relax, and enjoy a meal and laugh with some new friends while you swap stories.

Grow as a person, build stronger relationships, deepen your spirituality, expand your knowledge, and live with purpose.

ALL IT TAKES IS A SINGLE SPARK.

Will you find outstanding amenities at Fleming Farms? Of course. How about activities? More than space here will allow us to describe. But before we talk about those, let's talk about this: Discover Your Spark™.

Discover Your Spark was developed by Bridge Senior Living to help our residents rekindle old hobbies and ignite new passions — to understand what styles and types of activities they enjoy the most and then suggest new avenues of exploring those passions from all angles. So you not only stay active, but you also grow as a person, build stronger relationships, deepening your spirituality, expanding your knowledge, and living with purpose.

Our residents truly love Discover Your Spark and we believe you will, too. We also think you'll love all the wonderful amenities and activities you'll find at Fleming Farms, including:

- *Fitness center with an indoor aerobic exercise pool*
- *On-site physical, occupational, and speech therapy (additional costs may apply)*
- *Opportunities for physical, intellectual, social, and spiritual enrichment*
- *Innovative lifestyle programming providing social, educational, fun, and healthy activities, events, and outings*
- *Salon/barbershop offering hair styling, manicure, and pedicure services (additional costs may apply)*
- *Luxurious landscaping with paved sidewalks suitable for strolling*
- *State-of-the-art theater room for Hollywood-style movie nights*
- *Up-to-date computer labs*
- *Well-stocked library*

MORE THAN A TOUCH OF USEFUL TECHNOLOGY.

While it may be great fun to reminisce about days gone by, few of us would care to return to using party-line telephones or adjusting rabbit ears on the ole television.

At Fleming Farms, we don't just welcome the march of technological progress – we join in the innovation parade.

From apps to virtual tours, here are a few of the ways we're making our residents' lives better via high-touch, high-tech solutions:

Bridge Senior Living App

Fleming Farms is operated by Bridge Senior Living. So, naturally, we use the Bridge Senior Living App. Powered by LifeLoop, this app offers a central hub for residents, their families, friends, and staff to stay connected by sharing personalized activity schedules, photos, messages, and more.

Telehealth

The era of doctors making house calls is back – at least virtually. Not only do we offer technical support for your telehealth appointments, we even conduct appointments in the privacy of your room or apartment. It's convenient, safe, and thorough. Just what the doctor ordered.

Virtual Tours

While we'd love to have you visit Fleming Farms in person, we know finding the time to do so may be a bit of a challenge. So instead of waiting for a hole in your schedule to open up, feel free to take a virtual tour. Our community has been digitally scanned and recreated in an easy-to-navigate 360-degree setting, so you can wander the halls, explore the rooms, and check out the grounds from the comfort of your own home.

BRIDGE SENIOR LIVING MAKES ALL THE DIFFERENCE.
